

PERIOPERATIVE & REGENERATIVE  
**ACUTE PAIN THERAPIES**

*We are committed to offering  
the most effective, non-opiate,  
temporizing pain solutions available.*

Dr. Julian is board certified in both Anesthesiology and Pain Medicine by the American Board of Anesthesiology. She earned her Medical Degree from West Virginia University, where she also completed her Residency in Anesthesiology. After completing residency, she held a faculty position in the WVU Department of Anesthesiology where she managed high acuity intra-operative patients, participated in resident education and developed her skills in regional anesthesia. Dr. Julian completed an Interventional Pain Management fellowship and has a special interest in Spinal Cord Stimulation and Regenerative Medicine.
